LAWYERS

We have been batting this idea around for years now, so it's great to finally get off the mark and turn it into a fabulous reality.

In Stuart and Rory, we have a great project team. They are as passionate about cricket and bringing business professionals together, as Havens Hospices are about the amazing work they do for our community.

We are proud to partner with Havens again and can't wait to knock the fundraising out of the field.
